GATRON WORKSTATION
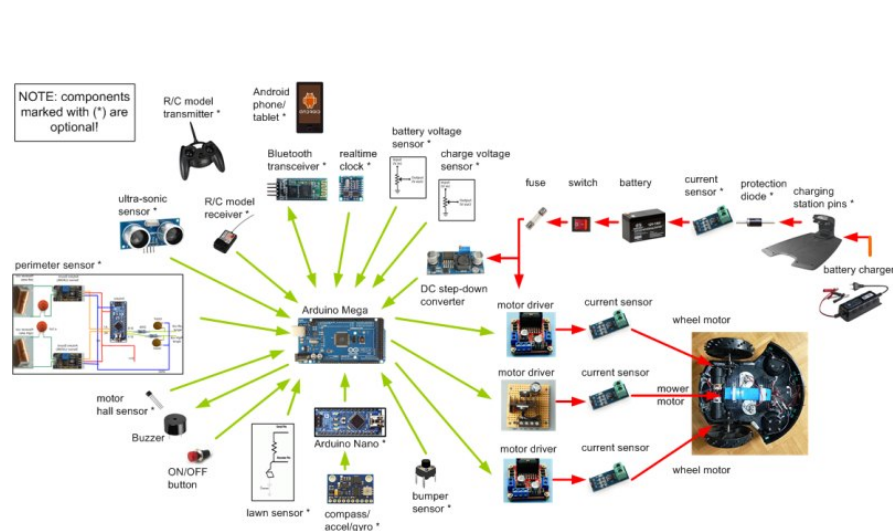

Part Number: GW-777

Price: $ 1347.41

➢ **Hardware/electronics** prototyping (microcontroller, PC, Arduino, Android, etc.)

- Atmel, ARM, Intel, Siemens, etc.
- interfacing sensors (ultrasonic, gyro, GPS, etc.) and actuators (motors, relais etc.)
- Protocol development (example: device CAN bus protocol reverse engineering)
- Interface development
- prototyping schematics, PCB etc.
- programming (C/C++, Assembler, etc.)

➢ **Application** prototyping (Android/Windows/Mac OS X/platform indepedant)

- In several languages (C/C++, Javascript, Lua, Freepascal, Objective-C, Ruby, Python, Java, etc.)
- using standard industry frameworks (J2SE, .NET, Win32, Cocoa, QT, OpenGL, SWT, VCL, JNI, etc.)
